Please, Archie... don't leave your mother...
Archie, you are all grown up... Stear's... Was he bigger than you?
Yes, mother.

Did he have broad shoulders?
This is so unfair! We couldn't even retrieve his remains...

CHICAGO
IN THE RAIN
This is the sky that Stear loved...
I always believed that you will be pulled into this sky someday...
Ah!
Oh, sorry...
Albert...
I thought no one can climb a tree this high!
Well, I'm one person who can!
Albert, how did you know I was here...
I guessed, this is the best place for you to talk to Stear...

Albert...
Perhaps Albert would be able to defend Sea's burial
I think the sky's Sea's true grave
...
The person who shot down
War is brutal
Stear... He's a brave person...
He was a good person...
Stear's aircraft may also have died
in Europe... then, he's family would have grieved over his
death us like what we felt for Sea's death

Candy, let's get something to eat!
I just received my salary today.
It will be my treat!
Salary?
Albert...
Okay...
It's best not to ask him now... Just trust him...
HAPPY CLINIC
Hugh... It's so cold.
It will snow soon.
Viskey would be perfect in this weather.
No, I quit drinking.
Hmm... I got caught...
until I make this clinic best in Chicago...
I will never touch it...
Then what's that under the floor?
Never touch alcohol?
Um... I...

This is Stear's boat!!
But how can this be?
It's Poppi! It has been so long time...
Poppi seems to have found a home there during the day...
found in here a and opened! Unfortunately he
found and does no work
This is better, we won't get wet!
With Stear, I always ended up wet.
He used to invent, always happy...

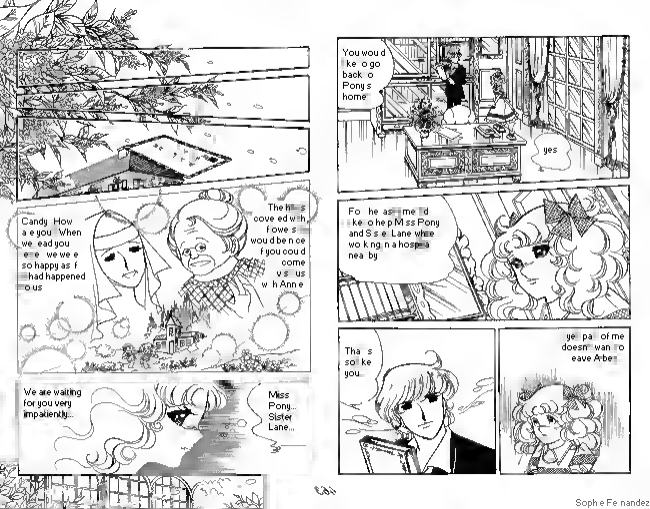
Miss Pony and Susie Lane
Candy
I'm up here
Sometimes I climb up a tree when I am working
Candy like nature more than my wealth and my name
When I was small I always wanted to escape from the Andley Mansion
You're already up there
Please climb up here
Hmm
Bud Madam Eloise already told and I guess I need to change my ways
Ha Ha Ha so clean are you!
I think you will work on her forearm
My skirt got tripped
My sister Annie doesn't like thick nails on her shoes
Do you think we'll be like Grandma
No no
Uncle William younger than though but as awesome as I imagined

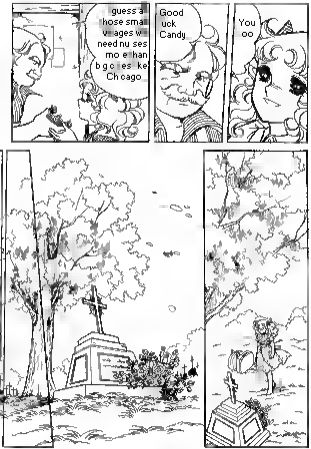


Candy How are you When we read you were we were so happy as if had happened to us
The Ponsys covered with flowers would be nice if you could come visit us with Anne
We are waiting for you very impatiently...
Miss Pony... Sister Lane...
You would like to go back to Ponsys home
yes
For he assistance I'd like to help Miss Pony and Sister Lane where working in a hospital nearby
That's so like you..
yet part of me doesn't want to leave Arbre

Sophie Fernandez

Candy! There's no woman like you in the Ardley family.
independent and spirited
hm.. And Albert gave you his permission..
In that case, I can not refuse.
Did you know? To thank me for everything, Mr. Ardley offered me a year supply of whisky!
I mean, everything has been diluted with water.
And you drank them all?
Let's not exaggerate, I've just tasted it with the tip of my tongue.
This is amazing! Even in my absence, Albert will take care of your love of the bottle!
It's too bad losing such a fine nurse.
I must face it with courage.
Albert will feel lonely without her...so would I.
Candy! a farewell present for you
This is cure for caring hysteria.

Soluna Fernandez



I guess all those small villages will need nurses more than big cities like Chicago.
Good luck Candy.
You too.
Sea You always be somewhere in heaven
And we will see each other again on the Pony's hill

I'll go out and find Albert.
I bet Albert invited you here!
I'm so happy to see Sister Lane and Miss Pony again.
